

In 1924 Umbro founder Harold Humphreys brought the art of bespoke tailoring to the world of football. He called it sportswear.

Today, Umbro once again brings together the traditional values of classic tailoring with modern fabric technology and a revolutionary design philosophy: Style meets performance. The new England kit is the proud result.

Honouring the past, looking forward to the future. The right shirt at the right time.

Tailored by Umbro.  
Tailored by England.
